John R. Harris - Reg. No. 30,388

1) Introductory Comments

Claims 32-62 are pending in the present application, prior to this amendment. All claims were finally rejected in the office action.

All claims have been cancelled in favor of a new claim set, without prejudice to the filing of continuation application(s) directed to the subject matter of the cancelled claims that is not covered in the new claim set. New claims 63-168 are presented for entry and consideration. These new claims are intended to replace claims 47-48, in particular, as such claims were based on FIG. 4A, which was discussed at the interview.

Accordingly, there are now 106 total claims, with 6 independent claims, presented in this amendment. The independent claims are 63, 81, 99, 116, 133 and 151.

An amendment to the specification is presented in order to provide cross-references to applications disclosing similar subject matter.

Reconsideration of the new claim set in this RCE is requested in view of the interview conducted on August 26, 2003, the amendments presented herein, and the remarks that follow.
